

JOB TITLE: Loading Shovel Operator, Aggregate Manufacture

LOCATION: Avonmouth

REPORTS TO: Shift Supervisor

RESPONSIBLE FOR: Loading shovel driving, cleaning, basic maintenance. Site housekeeping and assisting in production, if required.

INTERACTS WITH: Site Manager, Senior Supervisor, Shift Supervisor, Team leader, Production Staff, Plant Contractors and Suppliers

HOURS OF WORK: 40 hours/week on a 3 shift basis. Primarily Monday to Friday but with the flexibility to cover the potential 24/7 operating hours of the plant

DATE OF ISSUE: 16th August 2021

JOB PURPOSE

Reporting to the Senior Supervisor and working closely with the Shift Supervisors, the jobholder is to drive the loading shovel to load vehicles and fixed plant with aggregate and manage the aggregate stockpiles, whilst being responsible for housekeeping around the site.

Other duties will include the cleaning and minor maintenance of both the loading shovel and the aggregate screening plant.

Proactively taking responsibility for themselves, to follow instructions and procedures without constant supervision and with due regard to safety and operational requirements, to ensure full compliance with all legal and operational procedures

To assist the Shift Supervisor / Team Leader to carry out daily, weekly and monthly tasks as detailed in the site manuals.

To help shift teams with production when required

This can be a physically demanding role

KEY DUTIES

- Ensuring the plant is continually fed with aggregates, driving mobile plant and carry out cleaning and minor maintenance
- Manage and load incoming and outgoing aggregates
- Feed, operate and maintain the aggregate screening plant and report any issues that may arise.
- To work in an efficient and productive manner, without the need for continual direct supervision
- To assist the Shift Supervisors to ensure that all daily, weekly, and monthly stock control is controlled and monitored
- Maintain a high level of awareness within the Plant for Health, Safety, Welfare and Security matters and in this respect to lead by example and take a pro-active approach
- Check and ensure the quality of the stock product and report non-conforming material as and when necessary
