

JOB TITLE: Team Leader

LOCATION: Wretham

REPORTS TO: Shift Supervisor

RESPONSIBLE FOR: Day to day safe running of shift

INTERACTS WITH: O.C.O staff at all levels, suppliers and contractors

HOURS OF WORK: 37.5 hrs per week, 8-hour shifts with ½ hour unpaid break over potential 24/7 operating hours

DATE OF ISSUE: 13th July 2021

JOB PURPOSE

Reporting to the Shift Supervisor, the jobholder is responsible for leading a small production team and appropriate contractors and suppliers, to deliver the safe and efficient operation of the O.C.O aggregate manufacturing plant.

Ensuring your team comply with all legal and operational requirements as detailed within the manuals, systems and permits, whilst achieving the production volume and quality targets.

Activities include carrying out daily, weekly and monthly checks as detailed in the site operating, cleaning and maintenance procedures. To lead your team efficiently to ensure continuous operation, with proactive identification of potential breakdowns of the plant and equipment. Undertake repairs with the maintenance team and liaise with other Team Leaders.

KEY DUTIES

To assist with the health, safety and welfare of all employees, contractors and visitors whilst they are on site and primarily within the production buildings and associated areas.

Lead a small team in a production environment and make decisions whilst under pressure.

The ability to promote a high level of motivation and morale to lead a team, ensuring that the plant is operated in a safe and legal manner in full compliance with the relevant manuals and permits within the quality system.

To assist the Shift Supervisor in the full responsibility of the shift and overnight for the whole site.

Lead your team in day to day operational matters and assist the Shift Supervisor to ensure that any shift issues are dealt with and reported at the earliest opportunity.

Ensure that all required daily, weekly, and monthly checks are completed and recorded as specified in the manufacturer's handbooks / site manuals or procedures.

Lead by example and take a pro-active approach to establish and maintain a high level of awareness within the site for health, safety, welfare, quality and security matters, whilst developing and promoting your team's ideas for continuous improvement.

To ensure the O.C.O site and environments are maintained in a clean and tidy condition.

Carry out any other duty required by the Leadership Team
